Council Meeting of
September 10, 2002

Agenda Item: 18

Council members,

I would like to take a moment of your time to speak to the council about some concerns with the code enforcement. Basically the whole process of notification. And time limits. Also to show the city can't meet same time limits that it imposes on the citizens. For certain I want to speak at the meeting Sept. 10, 2002 at 7:30pm. Also the people listed below would like to speak: Thomas Cobb, Charles Hatythe

Thank You
