Citizens Encouraged to Return Survey

If you were among the 1400 residents who received a Lynchburg Citizen Survey, you are encouraged to complete and return it as soon as possible. The survey was mailed to a statistically valid number of households, 350 in each of the four wards. This year, residents will also have the option to complete the survey online. The survey is anonymous, and the final reports include geographic and demographic comparisons as well as benchmarking data with similar sized cities.

City Council and staff will receive the results of the survey in late June or early July, and a workshop will be held to discuss how to best utilize the results of the survey in planning for the community's future.

Congratulations, 2015 Citizens Academy Graduates!
