Special Midtown Edition | City of Lynchburg | July 2013

## Midtown Construction Update - PHASE 2 DETOUR

Beginning Sunday, July 7, motorists should be aware of a new detour as part of the ongoing Midtown Connector construction project. The portion of Langhorne Road between Memorial Avenue and Park Avenue will be closed to southbound traffic. The northbound lane (moving towards Lynchburg General Hospital) will remain open. Motorists traveling southbound on Langhorne Road will detour to the intersection of Memorial Avenue and Park Avenue. This closure is necessary for the complete reconstruction of Langhorne Road and will be in place until the project is complete. Emergency vehicles will have access at all times.

In addition to the City's road improvements, Columbia Gas Company will be installing new gas lines along that portion of Langhorne Road.

### Contact Information:

For more information regarding the Midtown Connector Construction Project, please contact the Midtown Project Construction Coordinator, Tom Wilson at 434-845-1635 or 434-401-7878, email [tom.wilson@lynchburgva.gov](mailto:tom.wilson@lynchburgva.gov), or stop by the Field Office located at 1000 Miller Park Square during weekday business hours.
