

Lynchburg is listening!

Comprehensive Plan Update

In June 2013, the City of Lynchburg held a series of hands-on workshops as part of its Comprehensive Plan update process. Residents were asked questions about transportation, land use, neighborhoods, housing and more. The information gathered during the workshops was used to help update the new Plan.

City residents are encouraged to attend one of two public meetings to hear what was learned throughout the process and to have the opportunity to ask questions about the updated Plan.
