ITEM #4: **REPLACE** Paragraph #2 of the Construction Agreement with the following paragraph: Note that the City plans to execute the Agreement prior to December 31, 2015.

That the Contractor shall commence Work within ten (10) days after Notice to Contractor to Proceed with the Work under Contract (“Notice to Proceed”), and shall substantially complete the project by **June 1, 2016**. Owner and Contractor recognize that time is of the essence of this Contract and that the Owner will suffer financial loss if the Work is not completed

within the times specified in the Notice to Proceed, plus any extensions thereof. They also recognize the delays, expense and difficulties involved in providing the actual loss suffered by Owner if the Work is not completed on time. Accordingly, instead of requiring any such proof, Owner and Contractor agree that as liquidated damages for certain losses Owner is expected to suffer due to delay (but not as a penalty) Contractor shall pay **\$500.00** for each day that expires after the time specified for completion. If the Contractor is subject to liquidated damages, the City has the right, but not the obligation, to withhold the liquidated damages from the Contractor's regular payments or retainage. Rights and obligations relating to these liquidated damages are set out more fully in the General Conditions.
