**Addendum for Invitation for Bids
Federal Street Infrastructure Improvements
15-954**

Date: 12/31/2014
From: Lisa Moss, Buyer VCA
RE: Addendum No. 4

This Addendum supplements and amends the original Plans and Specifications and shall be taken into account in preparing proposals and shall become a part of the Contract Documents. The Bidder shall indicate receipt of this Addendum and all previously issued Addenda on the Bid Form.

1. Is it the intent of the City for all 6" and 8" water pipe to be MJ pipe with megalugs?
6" and 8" pipe for side street connections and other tie ins should be restrained with megalugs from the tee to the stub. All 6" and 8" water pipe shall be push on joint (POJ). No MJ water pipe will be required.
- 2) Is it the intent of the City for all DIP Sewer pipe to be MJ pipe?
DIP sewer pipe shall be POJ not MJ.
- 3) Please provide written direction for how the material for the two inch bypass of the 16" gate valves is to be constructed and paid for. (For example: "The 2" bypass of the 16" gate valve is to be constructed using two 16" x 2" tapped tees, 16" megalugs, 2" brass nipples, and a 2" gate valve with valve box. 16" x 2" tapping saddles are not to be used. All material for this assembly shall be included in the cost of the 16" gate valve; no separate payment will be made for fitting and/or megalug weight")
2" bypass shall be furnished by the contractor, either tapped tees or tapping saddle. Cost for fittings, pipe, 2" valve and box, and restraint shall be paid for with 16" gate valve cost.
