RE: Addendum No. 1

This Addendum supplements and amends the original Plans and Specifications and shall be taken into account in preparing proposals and shall become a part of the Contract Documents. The Bidder shall indicate receipt of this Addendum and all previously issued Addenda on the Bid Form.

- 1) Who is responsible for purchasing the Rhythm Engineering equipment?
The contractor is responsible for purchasing and supplying the INSYNC system and all necessary parts and accessories for a complete and functioning system, with the exception that the City will provide the fiber optic connection to the cabinet and an internet switch for the purpose of communications with the other 2 signals in this system.

- 2) How many timing schemes are to be included for the intersection at Wadsworth?
As many as are needed to adequately maintain traffic through the two intersections during construction.

- 3) What days and hours can the work be pursued?
There is no City specification therefore the VDOT specifications would hold, section 108.02 states:

108.02—Limitation of Operations
(a) General
The Contractor shall conduct the work in a manner and sequence that will ensure its expeditious completion with the least interference to traffic and shall have due regard for the location of detours and provisions for handling traffic. The Contractor shall not open any work to the prejudice or detriment of work already started. The Engineer may require the Contractor to finish a section of work before work is started on any other section.

(b) Holidays

Except as is necessary to maintain traffic, work shall not be performed on Sundays or the following holidays without the permission of the Engineer: January 1, Easter, Memorial Day, July 4, Labor Day, Thanksgiving Day, and Christmas Day. If any of these holidays occurs on a Sunday, the following Monday shall be considered the holiday.

- 4) What is the DBE requirement on this job?
4% is required.
