RE: Addendum No. 2

---

This Addendum supplements and amends the original Request for Proposal and shall be taken into account in preparing proposals.

1. Can higher education projects be substituted for K-12 experience?

Higher education projects of academic buildings may be submitted to demonstrate comparable experience and may serve as an alternative to the K-12 requirement in Paragraph 4.2. Projects shall meet all other requirements of dollar value, size, and complexity.

2. Can a team of contractors be allowed to submit for pre-qualification?

The intent of the pre-qualification process is to select general contractors with the skills and experience to successfully complete a project of this size and complexity. The general contractor submitting for pre-qualification shall be deemed qualified based on their qualifications alone, not in combination with others.
