Update

CSO SEPARATION AREA 16.3A

December 2012

The CSO 16.3A Project area includes Aragon Street, Callaham Street, Carroll Avenue, Cliff Street, Gordon Street, Palm Street, Shaffer Street, Stadium Road, and off-road areas between these streets. The project's scheduled completion date is August 2013.

The contractor, George E. Jones & Sons, Inc., is continuing construction; the following work activities are planned. The proposed schedule is subject to change.

Aragon Street – Excavation for new water line is approaching completion at this time and storm sewer and sanitary sewer work will start.

Callaham Street – Construction activity which includes sanitary sewer is projected to start in December.

Carroll Avenue – Periodic one-way traffic may occur for pipe lining and televising in the residential side of Carroll Avenue.

Cliff Street (1500-1600 Block) – Asphalt patching and sanitary sewer work to start this month.

Gordon Street – Construction activity, with new sanitary sewer piping, is projected to continue this month. Road closure to through traffic could also occur this month.

Palm Street/Cliff Street (1900 Block) – No work scheduled for this month.

Shaffer Street – Construction activity, which includes new water main, is projected to continue this month. Be prepared for one-way traffic during pipe installation.

Stadium Road – All work on Stadium Rd. is completed.

During new utility installation, temporary construction barriers will be placed to contain the construction activities in and near the road. This temporary construction barrier will be adjusted to new locations along the affected streets from day to day. Please be attentive within the work areas and expect slow traffic during these times.

Property owners in this area are encouraged to participate in the City Rainleader Disconnect Program. Call the CSO information line at 485-7246.
