For Credit Cards payments, call 434-455-3840.

For online banking payments - Allow 5 business days for all transactions to post to the account.

Failure to pay may result in further collection action immediately after the due date.

There will be a \$1.00 charge for each reprinted bill.

**Stormwater Utility Fee**

The Stormwater Utility Fee is based on the amount of impervious area (roof, driveway or other hardscape surfaces) located on a property. The utility fee for each property shall be the single family unit (SFU) rate times the stormwater fee factor for each individual property. A SFU is established at 2,672 square feet. The current SFU rate is \$4.00 per month

<b>Property Type</b>	<b>Impervious Area on Property (in square feet)</b>	<b>Stormwater Fee Factor</b>
Detached single-family residential	Less than 1,300	0.5
Detached single-family residential	1,301 to 4,300	1.0
Detached single-family residential	Greater than 4,301	1.6
Duplex	0.5 per unit	
Triplex, Quadplex, and Mobile Homes	0.7 per unit	
Condominiums and Townhomes	0.33 per unit	
Apartments or 5 or more units and all nonresidential property	As defined in <u>16.3-5(e)</u>	
Undeveloped property	0.0	

Example calculation of monthly Stormwater Utility Fee for a detached single-family residential property type with less than 1,300 square feet of impervious area is as follows:

SFU rate \$4.00 x Fee Factor .5 = \$2.00 Monthly Fee.

Example calculation of monthly Stormwater Utility Fee for a nonresidential property of 10,000 square feet of impervious area shall have a stormwater fee factor of 10,000 divided by 2,672, or a stormwater fee factor of 3.7.

SFU rate \$4.00 x Fee Factor 3.7 = \$14.80 Monthly Fee.
