SOIL COMPOST AMENDMENTS: O&M CHECKLIST – Virginia Stormwater Management Handbook, Chapter 9-C.5.0.

Inspection Date _____
 Project _____ Site Plan/Permit Number _____
 Location _____ Date BMP Placed in Service _____
 Date of Last Inspection _____ Inspector _____
 Owner/Owner’s Representative _____

As-Built Plans available: Y / N

Ideally, the amended soil area should be watered once every 3 days for the first month, and then weekly during the first growing season (April-October), depending upon rainfall. The area should be inspected at least after each storm event that exceeds 1/2-inch of rainfall during the first six months following the incorporation of soil amendments. Depending on the results of a soil test for the amended area, a one-time spot fertilization may be needed in the fall after the first growing season to increase plant vigor. The area should be de-thatched every few years to increase permeability.

| Element of BMP | Potential Problem | Y / N | How to Fix Problem | Who Will Address Problem | Comments |
|----------------|---|-------|--|--------------------------|----------|
| | There is excessive trash and debris | | Remove immediately | Owner or professional | |
| | There is evidence of erosion and / or bare or exposed soil | | Stabilize immediately with grass cover | Owner or professional | |
| | Evidence of excessive use of fertilizer or lawn chemicals | | Develop and implement a nutrient and pest control management plan | Owner or professional | |
| | Runoff is ponding, creating rills, and/or causing erosion | | Dethatch or aerate the soil. Introduce more compost amendments and/or lime. Restabilize eroded areas by replanting vegetation. | Owner or professional | |
| | Access to the amended soil area for maintenance is adequate. | | Establish adequate access | Professional | |
| | Absence of signs designating the area as a Conservation Area | | Obtain or create and post appropriate signage | Owner | |
| | There is evidence of erosion and / or bare or exposed soil | | Stabilize immediately | Owner or professional | |
| | Encroachment on the amended area or easement by buildings or other structures | | Inform involved property owners of BMPs status ; clearly mark the boundaries of the receiving pervious area, as needed | Owner or professional | |
